INTERNATIONAL CONGRESS SHORTHORN SALE

WEDNESDAY, DEC. 2, 1942

1:00 P. M.

Sale Pavilion, Union Stock Yards

Chicago, Illinois

Divide Grand Duke, great young sire sold in 1941 International sale. This bull exemplifies the quality you'll get in this great 1942 event.

Competent Handling of Mail Bids

Because of existing emergency conditions there doubtless will be many breeders interested in the offering who may be unable to attend the sale. We are getting this catalog out at a sufficiently early date to permit a thorough study of the offering and an exchange of correspondence with this office or the sellers regarding any further information pertaining to the individuals in the offering.

Not only will the American Shorthorn Breeders' Association be happy to serve as your representative at this sale, but can offer expert, efficient and conscientious service in helping you solve your buying problems. Our field force are men long-experienced in judging Shorthorns and will give you 100 percent satisfaction.

Bids can also be sent to fieldmen of The Shorthorn World, Corn Belt Farm Dailies or to the auctioneer. In any case you'll get complete satisfaction on mail orders. Don't let your inability to be present stop you from owning one or more of these herd-improving bulls or heifers. Write us today!

Announcement

The American Shorthorn Breeders' Association is happy to present this offering of exceptionally good young cattle as a special attraction in connection with the Chicago Fat Stock Show. Owing to the war the great International has been called off. However, in lieu of it, there will be a big display of fat cattle in the several departments. The shows of fat cattle will be in the Sheep Barns at the Stock Yards.

The sale cattle will be housed in the heated barns immediately to the north and south of the International Sale Pavilion, which is located at the south end of the International Show Buildings. Parties coming to the sale by auto should come down Halsted Street to 43rd, then turn west half a block under the arch and turn to the left. The Sale Pavilion is just half a block down from 43rd St.

Pictures of many of the sale animals are reproduced in this catalog. We regret that we do not have pictures of all, as every individual is high-class and worthy of a picture presentation.

In no time in history has the beef cattle industry looked forward to such a certain bright future. No matter how we appraise present world conditions, none of us can gainsay the fact that now and for many years after this war, we'll have a meat-hungry world to feed.

The Government realizes the vital importance of beef cattle in the agricultural picture and is urging increased production. The Government, too, is urging soil conservation by the use of soil building pasture crops. Only with Shorthorns can you do the best possible job in every respect—increasing beef production, cooperating in the soil conservation program and most efficiently using pasture crops.

By all means red-letter the date of this great sale, DEC. 2, and plan to be here. If that is impossible, let us handle your mail bids.

Buying in this sale will start you right for 1943.

Auctioneers: A. W. Thompson and J. E. Halsey, assisted by Shorthorn World and Corn Belt Dailies representatives.

Guarantee

Approved by American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over sixteen months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputized by the State Veterinarian, who is cooperating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. Blood test will be made when it is required by the destination State or Country.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
7. TERMS: Cash, except other arrangements are made with the consignors before the sale. All settlements to be made with the representatives of the American Shorthorn Breeders' Association immediately after the close of the sale, but it shall be expressly understood that said Association assumes no liability, legal or otherwise, and that the above guarantee and terms shall constitute a contract between the consignor and purchaser of each lot.

The footnotes as printed have been supplied by the sellers.

Divide Defiance—An outstanding summer yearling—half brother to Divide Grand Duke. This calf takes one's eye from stem to stern—a good head and front, a pair of breeches as good as his half-brother—has all the qualifications and earmarks of a grand breeding bull—a rich red roan from an outstanding matron.

\$2600 Harvey Cory, Prescott, Ariz.

Shorthorns yield fast, economical gains and very best carcasses, too, according to the experience of Harold B. Wolffs, New City Packing and Provision Co., Chicago. In a letter to Thos. E. Wilson, Mr. Wolffs commented on the load of heavyweight Shorthorns exhibited at the 1941 International Exposition from Mr. Wilson's Iowa Farms, pictured here. "As you no doubt know," he stated, "this firm purchased the load and had it dressed at Wilson & Co. Of all the loads exhibited at the International, yours was the only one that had the necessary qualifications to grade Prime, that is, the entire load . . . I trust the Wilson Farms will continue to prosper; I certainly shall buy another of your loads at the 1942 International."

Garguston Golden Victor, sire, Aldsworth Royal Jubilee (274418) by Bapton Royal Robin (255311), out of Aldsworth Parsley (61591). Dam, Golden Lilac (180003) by Kinellar Observer (258300), out of Golden Beauty 1753610.

Calrossie Consul, sire, Calrossie Control (255913) by Collynie Royal Leader 1492017, out of Calrossie Princess Mona (88108). Dam, Calrossie Flossy Christobel (150439) by Calrossie Air Lord (242549), out of Calrossie Flossy Marian (120615).

Beaufort Red Ensign, sire, Little Loch Broom (231616) by Naemoor Jasper 1634156, out of Bruiach Winifred (64435). Dam, Beaufort Miss Ramsden 4th (99045) by Calrossie Royal King (179189), out of Beaufort Miss Ramsden (26822).

Newallyn Consul—Is an outstanding young prospect. He is low down, smooth, level, with a very good head and a very dark red with a lot of good colors back of him. His breeding is faultless—study his pedigree carefully. He is a great grandson of Calrossie Control.

Royal Templar—Is young and not in high condition, but is the right kind. His picture shows a good head, straight lines, deep body, short legs and a mossy red coat of hair. He has no outstanding fault. His sire is the famous bull at the head of the Douglas herd and his dam is one of our best breeding cows with a splendid head, lots of character and a good milker. This calf will do well wherever he goes and should head an outstanding herd.

Elcona Mercury—Is a dark red roan of beautiful conformation, fully worthy of his famous ancestry. It is doubtful if there is a more richly bred calf in America today. He has five crosses of Collynie Royal Leader in his pedigree. The sires and dams are all from famous herds and include many prize winners in the top shows of Scotland and England. A fine herd bull prospect for anyone who wants the best.

It's certain profit when good Shorthorns like these get together with plenty of rich grass, clear water, shade and sunshine. Shorthorns are unexcelled for efficient use of pasture crops.

Goldie's Queen 2d—Is a direct descendant of Goldies Princess twice a first prize winner at the International and Grand Champion at the Canadian Royal Winter Show of 1924. She is sired by a grandson of the great Canadian breeding bull Collynie Royal Barrage. She is a rich red color, modern type, very low set, and thick.

\$390 Dr. A. A. Taylor, Pardeeville, Wis.

Shown here is the champion load of Shorthorn feeder calves at the 1941 American Royal. This load, bred and exhibited by Julius Peterson of Elbert, Colo., sold in the sale following the show at \$16.50 per hundred, out-selling the load of another breed that was reserve grand champion of the show.

That stockmen are recognizing the greater profit possibilities of modern type, fast-gaining Shorthorns was clearly evident when all the Shorthorn feeder calves in the American Royal sale averaged \$15.38 per hundred, or \$2.11 higher than the average of the runner-up breed.

The animals offered in this offering are strictly of the type and breeding to produce this same demanded kind. Whether you're a newcomer to the business or an established breeder, your money will be wisely and profitably invested here on Dec. 2d.

INTERNATIONAL CONGRESS SHORTHORN SALE

Dear Sir:

I take pleasure in sending you herewith a copy of the International Congress Shorthorn Sale catalog. This event will occur upon Wednesday, December 2, in the International Sales Pavilion immediately south of the International Amphitheatre.

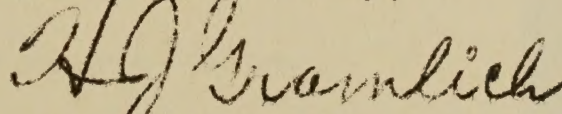

We have an offering of fifty-three lots which includes cattle from many of the best herds in thirteen states and from several top Canadian herds. These cattle have been picked for quality and usefulness. They represent many generations of consistent breeding of the right type of animals. This sale affords an opportunity for buyers to procure splendid herd improving animals of both sexes.

We realize that there are some who are interested in making purchases at this offering who may find it difficult to be present for the event. I take pleasure in offering to serve as your representative in case you should care to place a bid on one or more of the animals in the sale. I assure you that your bids will be handled in the strictest of confidence.

The picture for the Shorthorn breed is indeed bright. Weight for age is more important than ever. Our breed can furnish this and do so in a modern compact stylish package which meets with the approval of the trade. Remember, beef cattle afford an opportunity of operating land with a minimum of labor. Cattle convert grass and other roughage into salable products. Beef is the first food requirement of our armed forces as well as those of our allies. Why not procure a few good Shorthorns at this time?

Remember this event - International Sales Pavilion, 43rd and Halsted, Chicago, Union Stock Yards, Wednesday, December 2 - 1 P.M. Come and see the cattle shown at 10 A.M.

Yours very truly,

H.J. Gramlich, Secretary

P.S.- A program of events during "International Week" is enclosed. We hope you will be with us for our meetings and banquets.

INTERNATIONAL UNIVERSITY EXHIBITION

Dear Sir:

I have pleasure in sending you herewith a copy of the International University Exhibition Catalogue, which is being published by the International University, December 2, in the International Exhibition Building, London.

We have an offering of fifty-three sets of books from many of the best writers in literature, and a number of other books. These books have been selected for their value, and are being offered at a special price. They represent many of the best of the world's literature, and are being offered at a special price. *Save In Transportation Costs by
Buying In This Week of Sales*

Upon Monday, November 30th, Edellyn Farms and Haylands Farms are selling a fine offering. Upon Tuesday, December 1st, Mathers Bros., and Otis A. Carter will present a collection of choice Shorthorns. Upon Thursday, December 3d the Milking Shorthorn breeders will hold their annual sale.

Cattle purchased in any of these sales will be held for shipment at the conclusion of the series, provided the buyer wishes this done. There will be many opportunities to save on transportation costs as a result of this opportunity to bunch shipments. This action will, of course, be in keeping with the request of the Federal transportation authorities.
